DISCUSSION & RECOMMENDATIONS

- **BLUF:** Reduced overhead, streamlined techniques, better opportunity for workforce development lead to superior warfighter support
  - Single point for majority of Army contracting
  - Elimination of duplicate effort
  - Merges similar activities
  - Reduces base support infrastructure
  - Enhances workforce development

INDUSTRIAL OPERATIONS

CHALLENGE:

Building a better way to take organic/commercial capability and integrate it into a National Partnership

DISCUSSION & RECOMMENDATIONS

BLUF:

The Corporate Headquarters and LCMCs are keys to the creation of a successful national-level partnership that includes depots, arsenals, DOLs, plants and the commercial base

DISCUSSION & RECOMMENDATIONS

- Process to define requirements and adequately size the base
- Clearly define roles for both HQ and LCMCs in total lifecycle management
- Redefine enabling legislation and definitions of installations
